LAST MODIFIED AUGUST 12, 2026

Regional transmission organization / independent system operator

Selecting the RTO/ISO fills its name and governing tariff throughout this release.

Selected entity:

This document is a Release ("Release") by the entity identified in the signature block below ("Counterparty") in favor of _____ and CleanCounts (M-RETS, Inc.), as identified above.

RECITALS

WHEREAS, _____ has entered into a Services Agreement (the "Agreement") with CleanCounts to provide generator-specific information to supply one or more generation resource tracking systems (the "Systems");

WHEREAS, _____ may only provide information to CleanCounts as required pursuant to the Agreement for each Counterparty who has executed a release in the form hereof;

WHEREAS, Counterparty is a Market Participant, as that term is defined in _____ applicable tariff, who desires _____ to release to CleanCounts information in _____ market settlement system on energy injections for the generating units associated with Counterparty, and Counterparty's consent is required prior to disclosure of such information; and

WHEREAS, Counterparty agrees to consent to such disclosure and to grant _____ permission to disclose the applicable generator-specific information to CleanCounts.

NOW, THEREFORE, the parties agree as follows:

DISCLOSURE OF GENERATOR DATA

- Counterparty hereby irrevocably and absolutely consents to and authorizes _____ to provide CleanCounts, pursuant to the terms of the Agreement, all of the Counterparty's energy injection data that is contained in _____ market settlement system, except for (1) generators that do not go through a control area settlements process, and (2) distributed generators sited behind a utility net-metering billing meter. Counterparty also agrees to the inclusion of its name and specific generator name or names being listed publicly as an exhibit to the Agreement, with the express understanding that such exhibit may also be posted to _____ or CleanCounts websites.
